CCT EMPLOYEE GUIDANCE FOR PHASED STATE REOPENINGS

The White House has unveiled Guidelines for Opening Up America Again, a phased approach based on the advice of public health experts. These steps will help state and local officials when reopening their economies, getting people back to work, and continuing to protect American lives.

As the States that CCT operates in prepare to reopen, it is important that everyone understand the guidelines and continue to adhere to them.

GUIDELINES FOR ALL PHASES

Individuals

Continue to adhere to State and local guidance as well as complementary CDC guidance, particularly with respect to face coverings.

CONTINUE TO PRACTICE GOOD HYGIENE

- ✓ Wash your hands with soap and water or use hand sanitizer, especially after touching frequently used items or surfaces.
- ✓ Avoid touching your face.
- ✓ Sneeze or cough into a tissue, or the inside of your elbow.
- ✓ Disinfect frequently used items and surfaces as much as possible.
- ✓ Strongly consider using face coverings while in public, and particularly when using mass transit.

PEOPLE WHO FEEL SICK SHOULD STAY HOME

- ✓ Do not go to work or school.
- ✓ Contact and follow the advice of your medical provider.

Employers

CCT's existing protocols will remain in place.

- ✓ Social distancing and protective equipment
- ✓ Temperature checks
- ✓ Sanitation
- ✓ Use and disinfection of common and high-traffic areas
- ✓ Restricted business travel

Phase One

Individuals

ALL VULNERABLE INDIVIDUALS* should continue to shelter in place. Members of households with vulnerable residents should be aware that by returning to work or other environments where distancing is not practical, they could carry the virus back home. Precautions should be taken to isolate from vulnerable residents.

All individuals, WHEN IN PUBLIC (e.g., parks, outdoor recreation areas, shopping areas), should maximize physical distance from others. Social settings of more than 10 people, where appropriate distancing may not be practical, should be avoided unless precautionary measures are observed.

Avoid SOCIALIZING in groups of more than 10 people in circumstances that do not readily allow for appropriate physical distancing (e.g., receptions, trade shows)

MINIMIZE NON-ESSENTIAL TRAVEL and adhere to CDC guidelines regarding isolation following travel.

Employers

CCT's existing protocols will remain in place.

- ✓ Social distancing and protective equipment
- ✓ Temperature checks
- ✓ Sanitation
- ✓ Use and disinfection of common and high-traffic areas
- ✓ Restricted business travel

* VULNERABLE INDIVIDUALS

1. Elderly individuals.
2. Individuals with serious underlying health conditions, including high blood pressure, chronic lung disease, diabetes, obesity, asthma, and those whose immune system is compromised such as by chemotherapy for cancer and other conditions requiring such therapy.
